CORONAL TOOTH POLISHING

Date of Class: ___________________ 10:00 am – 5:00 pm (7 Hours)

Lecture Session: Dental Assistant Academy at Carolina Dental Arts-6800 Democracy Drive, Charlotte

This course is designed to instruct the dental assistant II to polish the coronal surfaces of teeth as provided by the Dental Laws of North Carolina. The didactic session will include the following:

• Coronal Polishing State Board Criteria
  • Abrasive Agents
  • Abrasive Action
• Indications for Coronal Polishing
  • Prophylaxis Pastes
• Effects of/Indications for Polishing
  • Grasp and Fulcrum Techniques
• Interproximal Surface Polishing (dental floss)
  • Contraindications of Polishing
  • Sterilization of Equipment
  • Special Patient Needs
  • Assessing Polishing Success

Clinical Session:

This session is designed to instruct the Dental Assistant II to accurately polish coronal surfaces of teeth. The students will participate in a clinical environment which will include the use of teeth models. In addition, course participants will be both recipients and providers of direct treatment procedures in laboratory portions of the course. The following instruction will be given:

• Proper Operator and Patient Positioning
• Proper Polishing Technique
  • Development of Initial Skills to Perform Selective Polishing

Office Trained DAII’s must verify 3,000 hours of dental office employment. All supplies will be provided. PARTICIPANT MUST BRING TO CLASS: a sterilized hygiene hand-piece OR a nose cone slow speed hand-piece, as well as protective eyewear and a scrub jacket.

Verification of Dental Assistant II Status
The North Carolina State Board of Dental Examiners has ruled that coronal polishing is a legal function for trained Dental Assistant IIs. To be accepted in The Dental Assistant Academy’s Coronal Polishing course, the participant must submit documentation of status as a Dental Assistant II.

Please indicate which training you completed to be classified as a Dental Assistant II. Verify successful completion by attaching documentation or having your employer sign below.

Approved Education and Training Programs
To be classified as a Dental Assistant II, an assistant must meet one of the following criteria:
Successful completion of:

1. An ADA-accredited dental assisting program and current certification in CPR; or

2. One academic year or longer in an ADA-accredited dental hygiene program, and current certification in CPR; or

Successful completion of:

1. Full-time employment and experience as a chair side assistant for two years (3,000 hours) of the preceding five, during which period the assistant may be trained in any dental delivery setting and allowed to perform the functions of a Dental Assistant II under the direct control and supervision of a licensed dentist;

2. A 3-hour course in sterilization and infection control;

3. A 3-hour course in dental office emergencies;

4. Radiology training consistent with G.S 90-29(c)(12) bi-laws of the North Carolina State Board of Dental Examiners; and

5. Current certification in CPR; or

Successful completion of the certification examination administered by the Dental Assisting National Board (DANB), and a current certification in CPR. (We can provide a CPR certification if needed)

I have attached documentation supporting the above classification as a Dental Assistant II.
